Thanks for the update Janel! The table I have shows the Elk Hills exemption as "Yellow" including the first phase, so yes, an updated sheet would be great to have. Let us know about the 3-5 pm June 21 meeting logistics; if we can combine the June meetings. I know it will take some coordination!

Michele,

Elk Hill is definitely going to happen. There are several phases to the aquifer exemption and I believe Simeon's unit is done with the first phase. I cc'd his unit on this email.

It's a very important exemption and the field contributes much to the economy in CA. I believe the third phase is in contention though. Simeon's unit just updated the spreadsheet today and when I get back to the office, I'll send you a new copy.

Thanks,

Janel

Hi Michael and Janel,

Thanks for sending this along. I have a couple of EPA folks that will be with me (David Albright and Mike Montgomery) but I am not clear on if they are coming to the site visits. I will need to get that clarified. I know that will affect your van plans. Having the outline of the agenda will help them to answer that question. Thanks!

Also, I have been to Elk Hills and I wonder if the water board feels more strongly about this package and its potential for being approved. Its yellow on the AE table, so I am not sure it is really going to happen? I have no problem going there, but if we do not go, that might free up time for something else, if there is something else you think the time could be better spent on. If you would like to discuss since it's a little tricky to do by email, lets set up a call.

Michele,

Below is a draft of the agenda for the field trip. I'll be sending out an official one this week to all participants and doubt that it will change.

Mike

June 21

8:00 – 8:45 - Field trip orientation and overview of the depositional systems of the Southern San Joaquin Basin – DOGGR's Inland District Office

8:45 – 9:30 – Fruitvale Oil Field.

9:30 – 12:00 – Round Mountain and Mount Poso Oil Fields (Kern River and Poso Creek also visited as drive byes)

12:00 -12:45 – Lunch in Bakersfield

12:45 – 3:00 – Tejon Oil Field (Return to Bakersfield through Mountain View and Edison, time permitting)

3:00 – 5:00 – DOGGR office for discussions

Stops at Round Mountain, Mount Poso, and possibly Tejon.

June 22

8:00 - 8:15 – Meet and depart at DOGGR's Inland District Office

8:15 -10:30 – Elk Hills Oil Field

10:30 – 12:00 – South Midway-Sunset Oil Field

12:00 – 1:00 – Lunch in Taft

1:0 – 2:00 – North Midway-Sunset Oil Field

2:00 – 3:00 – McKittrick and Cymric Oil Fields

3:00 – 4:00 – South Belridge and Lost Hills Oil Fields

4:00 – 5:00 – Return to Bakersfield

Stops at Elk Hills, South and North Midway and Cymric.

Michele,

Ken wants to meet with the EPA and the Waterboard from 3-5pm on June 21st.

Mike – can you please forward the draft agenda to Michele?

Thanks,

Janel

Thanks Janel. I would be available to speak with Ken at the end of the day on the 21st, but I need to confer with David and Mike because they are trying to arrange some other meetings while they are in the area that day. Let me get back with you shortly. Do you know what time Ken was thinking? Also, could you possibly forward the draft agenda please?

Michele,

Mike Toland is working on finalizing the agenda. He is going to make a dry run next week to make sure you get to see the important things. Ken Harris asked if he could have an aquifer exemption status meeting with you and your staff at the end of the day on the 21st.

Mike has the shorter East side tour for the first day with the aquifer exemption status meeting with Ken Harris at 3pm. The second day will be all West side.

We are also working on getting proper transportation. We are looking into renting a large van to accommodate everyone.

Things are coming along!

Thanks,

Janel Kay Chamberlain
